

# WHICH PLAN IS RIGHT FOR ME?

## COMPARING THE 2 VISION PLANS

This Vision Plan comparison is designed to provide a more detailed Side-by-Side view. When contrasting my Vision Revelation & Vision Coordination Plans, it is in Phase Two where the differences are most significant. This comparison focuses on the contrast of responsibility largely within Phase Two of planning, where it is most pronounced.

### VISION REVELATION

I desire to create my own Master Planning Timeline for the entire planning process. I will keep myself on task with my own weekly and monthly completion checklists.

I don't need any assistance in creating or monitoring my wedding budget. I prefer to create and monitor my own budget.

I want to look for my venues & vendors myself. I like looking through all the available options and narrowing my choices.

I want to create my own list of potential venues & vendors based on my clarified vision and budget.

I want to contact each venue and schedule consultations myself.

I want to conduct my own venue and vendor consultations, take notes and create comparisons myself.

For each venue and vendor that I choose and book, I want to schedule and conduct each subsequent planning meeting with each venue and vendor.

I prefer to keep a record of all the details discussed with each venue and vendor. No one else will need to keep up with the contracts and necessary details.

I want to serve as the ongoing contact person for each venue and vendor. I want to answer the questions myself and keep up with those responses, adding any updates to my wedding day information.

I prefer to be in charge of the planning process and then to meet with my Wedding Coordinator to inform of every agreement and wedding planning detail.
